Curriculum Area: Languages (Spanish)

Curriculum Intent:

At Hilldene Primary School we use Language Angels approach to teaching languages to pupils in KS1. This ensures we offer a relevant, broad, vibrant and foreign languages (Spanish) curriculum that will inspire and excite our KS2 pupils using a wide variety of topics and themes.

All pupils will be encouraged to have high expectations and excellent standards in their foreign language learning - the ultimate aim being that pupils will feel willing and able to continue studying languages beyond key stage 2.

The intent is that all content will be continuously updated and reviewed annually, creating a dynamic programme of study that will be clearly outlined in both long-term and short-term planning. This will ensure that the foreign language knowledge of our pupils progresses within each academic year and is extended year upon year throughout the primary phase and, in so doing, will always be relevant and in line with meeting requirements of the national curriculum.

The four key language learning skills; listening, speaking, reading and writing will be taught and all necessary grammar will be covered in an age-appropriate way across the primary phase. This will enable pupils to use and apply their learning in a variety of contexts, laying down solid foundations for future language learning and also helping the children improve overall attainment in other subject areas. We want all pupils to develop a genuine interest and positive curiosity about Spanish, finding it enjoyable and stimulating.

Learning a second language at school will also offer pupils the opportunity to explore relationships between language and identity, develop a deeper understanding of other cultures and the world around them with a better awareness of self, others and cultural differences. The intention is that they will be working towards becoming life-long language learners.

	Year 3	Year 4	Year 5	Year 6
Listening	<p>Skills taught: To listen to and enjoy short stories, nursery rhymes & songs. Recognise familiar words and short phrases covered in the units taught</p>	<p>Skills taught: To learn to listen to longer passages and understand more of what we hear by picking out key words and phrases covered in current and previous units.</p>	<p>Skills taught: To listen more attentively and for longer.
